Navigating Special Education During  
COVID-19

## **ABOUT THE EVENT**

Health Promotion Council's Technology Assisted Children's Home Program (TACHHP) will convene the Eastern Pennsylvania Special Needs Association (EPSNA) meeting.

### **EPSNA is...**

- A formal network of home health professionals, medical providers, medical assistance insurance providers, social service providers, school nurses, legal advocates, policy planners, and representatives from various local and state government service agencies, and parents of technology assisted (TA) children

### **The meeting will provide...**

- A forum for education and discussion about issues related to care of TA children and children with special health care needs
- Presentations that meet the needs of the represented professions and parents
- A component that encourages communication, support, and partnership among members outside of the quarterly meetings

TACHHP is funded by the Pennsylvania Department of Health.

**To RSVP, send an email to Missy Modesti at:  
mmodesti@phmc.org**
